

SHOPINSHOP

What is this?

Basically it is what it sounds like - an eShop that is ready to be implemented in other online shop. First, we build a shop for you and then provide a way for all online retailers to put it easily in their shops.

Mostly used in:

This will help you to:

- ... create one shop to rule them all - you won't have to adapt to each retailer anymore
- ... organize all your products
- ... prepare a single launch for the entire market instead of re-launching every time you hit a new country
- ... consult ideas with our experts

Why ShopInShop?

- › **Single platform** for all languages and markets
- › **Cost & time** optimization
- › Single **point of managing** content
- › **Brand** presence consistency
- › **Integration** with most of retailers

This is how we can start:

Send the following to Michat:

- strategic insight
- brand guidelines
- product list with categories
- positioning
- market position
